

## What is EORI?

EORI is a grassroots initiative of staff and students at the University of Edinburgh, aiming to promote awareness of, support for, and training in Open Research practices.

## What is Open Research?

Open Research aims to make knowledge available, accessible and reusable. The goal is to accelerate scientific and academic progress by making barriers to information sharing and increasing opportunities for innovation and discovery.

## Join the EORI community:

### Edinburgh Open Research Initiative

Join us for monthly webinars to hear from thought-provoking speakers across disciplines discussing open research and reproducibility, relevant topics for the successful full of webinars can encourage honest conversations and invite you to share your thoughts and experiences.
